

SSG Cory Ito and a firefighter from the Cebu Fire and Rescue department show each other how they utilize a brake rack tool during a rope operations training session. Camp Lapu-Lapu, Cebu, Philippines, Mar. 5, 2014. (U.S. Air Force Photo/SrA Orlando Corpuz)

"Slowly boys....slowly". Members of a Cebu Urban Rescue team test the brake rack system that they just learned to utilize during a subject matter expert exchange at Camp Lapu-Lapu, Cebu, Philippines, Mar. 5, 2014. (U.S. Air Force Photo/SrA Orlando Corpuz)

Members of the Philippine Armed Forces put what they learned to use. The construction is called a split sole racker and is meant to stabilize a weak wall. Camp Lapu-Lapu, Cebu, Philippines, Mar. 3, 2014. (U.S. Air Force Photo/SrA Orlando Corpuz)

It's hot and hard work. But that doesn't mean it can't be fun. SSG Troy Williams and his counterparts from the Philippine Army take a break from the hard training to share a laugh. Camp Lapu-Lapu, Cebu, Philippines, Mar. 5, 2014. (U.S. Air Force Photo/SrA Orlando Corpuz)
