ORI Strikes

The Operational Readiness Inspection phase of this year's MEI is underway for the 326th Air Division and the Hawaii Air National Guard.

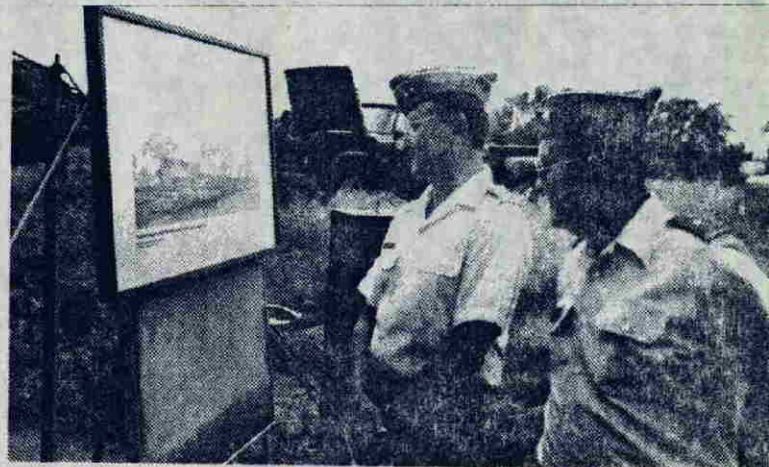

The Inspector General, HQ PACAF, initiated the inspection under the authority of AFR 123-1. The purpose of the ORI is to verify the operational readiness status of each unit and to evaluate the support provided by subordinate, lateral and higher echelon units.

The Management Effectiveness portion of the inspection will not occur until December. Specifically, the 154th will undergo an MEI Dec. 4-9, the 150th ACWS Dec. 4-7 and the 169th ACWS Dec. 8-9.

The MEI will include management evaluations of all functions of the units. The inspection serves as an assessment of our capabilities to perform the mission. With this recall this morning, the assessment begins.

COMMANDERS CORNER

by Col. John S. W. Lee

We have been officially notified by CAF that our MEI will begin on Saturday our December UTA. To refresh your memory of our tradition during a major inspection, the chart at the bottom of the page shows how we did during our last inspection: Oct. 27 to Nov. 7, 1980.

One of the most important areas in which we are all evaluated and are responsible for is the image we project. Foremost in meeting this challenge is presenting an appearance for inspection. This appearance is much more than routine... it must be special and mandates appropriate haircuts, uniforms clean and smart, work places distinctively clean, functional and mission ready. Secondly, we must be able to convince the PACAF inspectors that we are professionals... Military courtesy is everyone's responsibility. We must be able to show our competence in a respectful manner.

Since November 1980, we have participated in two major deployments, several major exercises while improving our combat readiness level in all our functional areas. We have accomplished these tasks with convincingly effective management and skilled implementation procedures. During our December UTA and the following week, we will now be graded on how we have functioned as a fighting Group.

A ROSE IS A...

Lt. Drew Hurley dropped us a note from his State DOD office to say he was reading an old issue of "Hawaii Guardsman" (Dec. 1957) and came across an article announcing publication of the first Kukailimoku, so named by then SSgt. Art Lee in a name the paper contest. Really goes back, eh? Now SMSgt. Lee is a regular columnist for the KUKAILIMOKU. He missed this month for the first time since we can remember because of a physical problem. Hope you're feeling better, Art.

ING BASKETBALL

The 154th COMPG Team entries are doing fairly well in the 1982 HNG Basketball Tournament.

Team "A" (Last years defending champions -0) now sitting on a 2-2 record, are now looking forward to picking-up the pieces after coming from behind to defeat last years HNG Runner up's 487th 49-47 with a 15 foot jump shot at the buzzer by Clayton Pabingwit. Dispite the 2-2 record, the 154th "A" Team will be the TEAM TO BEAT!!!

Our "B" Team consisting most of RMS personnel, coached by Lester Ho, still has not broken into the winning bracket with 3 straight defeats to some tough Army Guard teams.

The sizziling "C"'s got by the 159th "A" Army Guard team for it's first victory in an overtime match Nov 3.31-26. Credit for the win goes overwhelmingly to the team and the addition of "Gunner Gary Doane" and "Rookie Mike Hun" to the Contental "CEE" Team Coach Alvin Chang's philosophy is "win-one-a-year and cruise the rest of the season, so now the Party is all set at Jason Chun's house, Nov. 27, Come one come all.

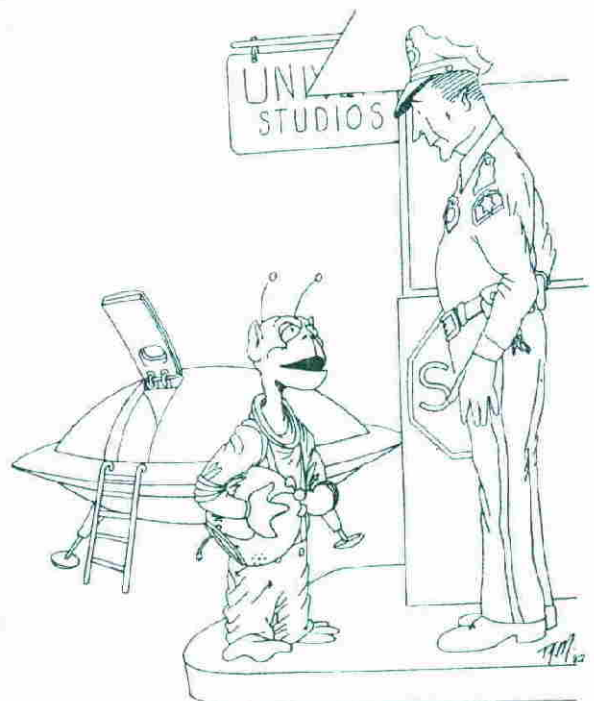

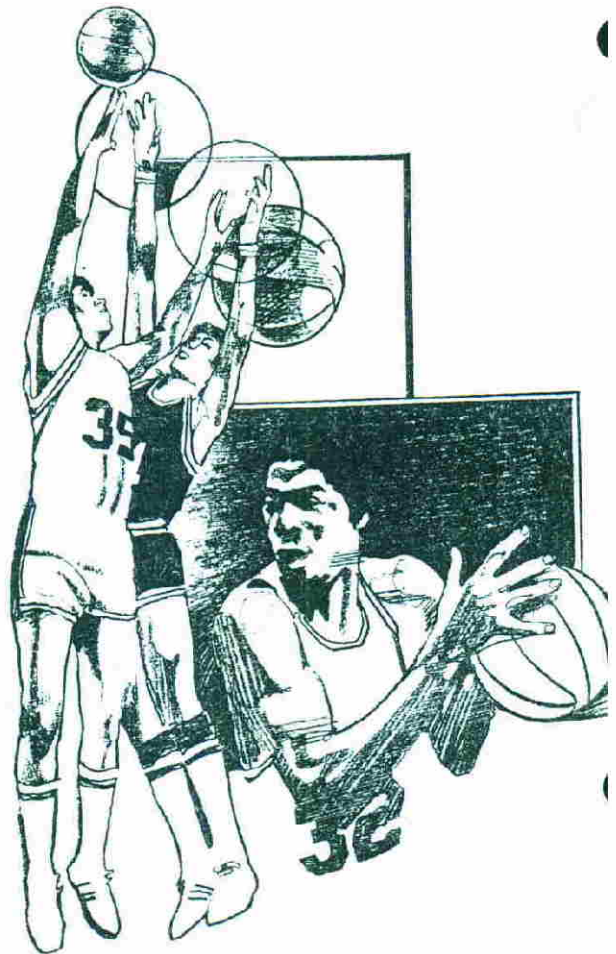

Big Game for the 154th Nov. 16, 6:30pm "A" team versus "C" at FT Ruger Armory Gym 22nd AVE. IN'T NO REASON TO GO ANYWHERE ELSE!

Veteran's Day

November 11th

"Take me to Spielberg."

A head and shoulders photograph of a toothless old man wearing a pilot's helmet reached popularity among many Air Force people...without the original photographer knowing it.

During the past 25 years, the photo has circulated around the world. Many have seen it on a poster that reads "Sleep well tonight. Your Air Force is awake."

Not until recently, though, was the photo's origin known. Nick Allen of Orangeville, Calif. and a friend, Maj. David Crippen, from Mather came across the original black and white photo of the toothless pilot while looking through Nick Allen's portfolio. Both were surprised when the major recognized the familiar photo. That's when Mr. Allen learned of its fame.

The photo was taken in 1957 while Mr. Allen was attending photography school. "In the

evening I worked in the photo lab at Hughes Aircraft in Culver City, Calif. One evening while on break, I passed the pilots' flight gear room," he said. "I stopped to talk to the janitor, who looked to be in his seventies."

"Suddenly, he put one of the helmets on, took out his teeth and started grinning. His expression was too great to pass, so I asked him to wait while I went for my camera," Mr. Allen said. Mr. Allen took about a dozen shots.

Later, when some of the Hughes Aircraft staff saw one of the photos they published it as a filler in the company's weekly newspaper, the Hughes News. The newspaper had a circulation outside the company so more than just a few people saw the photo.

Allen worked for two more years at Hughes and gave away other photo copies to friends. After leaving the company, he never thought about the photo.

Since then, however, the photo has been copyrighted. Mr. Allen has made limited numbers of prints available for sale.

The janitor unfortunately will never be known. Allen says he never wrote his name down anywhere, and it's been so many years that he doesn't remember.

The 2nd Annual HANG Precision Air Rifle Tournament is scheduled during November - December 1982. Pellet Air Rifles (single shot) of .177 or .22 caliber that operate by single pump, multiple pump or CO₂ may be used. The Tournament will consist of a HANG unit team competition fired and scored as a postal match. If you have any questions or require assistance contact the Marksmanship Chairman, TSgt. This is as good a time as any to remind you(not that we have to) that military courtesy is always the order of the day. Take pride in your salute and be the first to insure that proper respect is shown to those of higher rank. When distinguished visitors, such as the TAG, arrive call the room or work area to attention when appropriate. Our unit is only as sharp as we look...and we have to be the sharpest around. Set a good example.
