154TH FIGHTER GROUP (AD) - HAWAII AIR NATIONAL GUARD - HICKAM AFB - 20 NOVEMBER 65

AIR TECH POSITION VACANCY OPEN JANUARY

Persons interested in a Standardization and Training Technician position NCW-13, should apply with Major Harold Mattos by 8 December. Six years experience in a/c maintenance functions and two years in training or supervisory work are required. (One year service as an Air Technician in aircraft maintenance field is mandatory.)

PILOT-LAWYER IS MEMBER OF THE 154TH

Major John S. Carroll, Operations Staff Officer in Group Headquarters, became the only licensed attorney in the HANG when he successfully passed the Hawaii bar exam last month.

In the HNG since 1954 and HANG from 1956, Major Carroll returned home this year after completing law school in Texas. His prior military experience included enlisted and commissioned service with the Army, including a tour in Korea. He earned his pilot wings through the HANG program.

Major Carroll also has varied civilian work experience, as a Merchant Marine, teacher in Hawaii's public schools, and since 1958, as a Hawaiian Airlines pilot.

HAIL TO THE CHAMPS --

Walking off with top team honors in the Hawaii National Guard Bowling Tournament which ended this month was one of the three Air Guard teams. Champs were TSgt Donald Kim's MATRON team.

BUREAU APPROVES NEW GROUP ORGANIZATION

Reorganization of the 154th Fighter Group, as reported in last month's KUKAILIMOKU, has been approved by the National Guard Bureau. Effective date is December 1, 1965.

The two new organizations which take the place of the 154th Materiel Squadron are the 154th Consolidated Aircraft Maintenance Squadron and the 154th Supply Squadron.

If you are now a member of MATRON and missed either the 20 or 21 Nov. drill, you must complete appropriate duty by 30 November due to reorganization of your squadron.

FOUR NEW PILOT TRAINEES JOIN 154TH

Joining the 154th Fighter Group this month as new pilot trainees were Michael Tice, Patrick Ward, Lee Muller and John McClellan. McClellan, 23, is a graduate of the Georgia Institute of Technology (1965), and a mainland high school. The others are Punahou alumni.

Tice is a 1964 graduate of the University of Oregon and is 22. Ward, 23, is UH (1964), while Muller is 25 and a 1962 graduate of Stanford.

The trainees are assigned to the 199 FTS while awaiting undergraduate pilot training school assignments.

SAFETY MATTERS (It does!)

-- From Group Safety Office

Holidays are times for cheers, and not for tears. Let's keep the holiday season cheerful by making extra certain that accidents don't mar the happy occasions. Keep these facts in mind:

-A drinking driver was involved in at least 30% of all fatal traffic accidents.

-23% of the adult pedestrians killed had been drinking.

-National Safety Council studies show that 55% of the Christmas season fatal traffic accidents involve drinking drivers.

-Social drinkers are a greater menace than obviously intoxicated drivers because their critical judgment is impaired and they out-number the drunks.

-Drinking to any extent reduces the ability of any driver.

-It takes at least three hours to oxidize (eliminate) one ounce of pure alcohol (about two cocktails).

Remember: If you drink, don't drive; if you drive, don't drink.

COMSUPRON NEEDS ITEMS FOR HANG-OUT CLUB

The 154th Combat Support Squadron is asking those who have appropriate items of historical value or items suitable for decorating the HANG-Out Club to contact the Project Officer, 2Lt Hiram Pang. Anything which will help to beautify the club can be used -- call Lt Pang or leave message at 442861.
